EDUCATION

Indiana University

Bloomington, IN

Bachelor of Arts

May 2022

- GPA: 3.99/4.0 | Major: Political Science | Minors: Spanish, International Studies

Indiana Political Analysis Workshop: Concentration in the political science major to learn statistical analysis techniques, culminating in graduate level coursework and proficiency in data analysis using R Studio

Cox Research Scholar: Full-ride scholarship to conduct research alongside a faculty member for four years

JOURNALISM EXPERIENCE

Chalkbeat

Washington, DC

Data Reporting Intern

June 2022 – August 2022

- Analyzed and visualized education data in Datawrapper and Dailygraphics Next
- Collaborated with reporters and editors to ensure that data analysis and visualizations were accurate and as useful to readers as possible, including both daily and in-depth stories

WFIU

Bloomington, IN

Inner States Producer

January 2022 – May 2022

- Produced original radio features, contributing compelling stories to Inner States, a weekly radio show
- Logged tape, identifying interesting and important moments

Indiana Daily Student

Bloomington, IN

Enterprise Desk Reporter

August 2020 – May 2022

- Analyzed data and conducted interviews to produce accessible, data-driven reporting on pressing issues such as hospital price transparency and local eviction policy
- Developed web buildouts to make stories more visually engaging and interactive, both alone and in collaboration with other reporters and the digital desk

Daily Rundown Podcast Host

November 2021 – December 2021

- Wrote and narrated a daily morning news podcast to quickly provide listeners with the most important IDS coverage of the day
- Edited audio in Reaper to improve sound quality and incorporate music

Enterprise Desk Editor

January 2021 – December 2021

- Oversaw and trained a team of five reporters through the reporting and fact-checking process by providing constructive feedback and guidance to produce high-quality reporting
- Edited investigative and longform stories to provide clear, in-depth coverage of complicated issues, such as the coronavirus and homelessness
- Maintained the desk's publication schedule, coordinating across desks to avoid redundancies and space out publication of big stories

USA TODAY

McLean, VA

Investigative Correspondent

June 2021 – August 2021

- Collected and analyzed data for projects across the investigative and data desks for academic credit
- Scraped data from government websites and presented sample graphics to editors to share findings and incorporate feedback, supplementing narrative reporting about Black political representation
- Wrote an R Studio script to process NCAA financial data and power an interactive database
- Assisted with breaking news, records requests and fact-checking to expedite the reporting process for time-sensitive stories

RESEARCH EXPERIENCE

Location of Innovation Summer Research Lab

Bloomington, IN

Senior Research Assistant

June 2021 – August 2021

- Geocoded a large dataset to analyze the relationship between federal government grants and private sector innovation
- Delegated and explained tasks to junior researchers, allowing the project to progress more efficiently and helping less experienced researchers learn

Environmental Resilience Institute

Bloomington, IN

Research Assistant

April 2020 - August 2020

- Conducted data analysis and created useful graphics to illustrate findings, allowing for streamlined presentation and explanation of data to peers and community partners
- Interviewed local government officials across Indiana to help complete the Hoosier Readiness Index, collecting crucial data and helping communities understand and address their local climate change risk
